

POLARIS RANGER 6x6 EFI SPECIFICATIONS

Engine	
Displacement/HP	683cc / 40 HP
Cooling	Liquid-Cooled
Engine Type	Polaris twin cylinder
Lubrication	Pressurized wet sump
Oil Capacity	2/1.9 qts/ltr
Carburetion	Electronic Fuel Injection (EFI)
Fuel Capacity	9/36 gal/ltr
Coolant Capacity	3.3/3 qts/ltr
Alternator	500 watts
Starting / Battery	Electric / 12V - 30 AH

Drive Train	
Transmission	Auto - PVT (Polaris Variable Transmission)
Gear Range	In-line, Dual-range forward and reverse
Drive	Switch-engaged on-demand true 4-wheel shaft drive

Tires	
Front	25 x 10 - 12
Rear	25 x 11 - 12

Suspension	
Front Suspension	MacPherson strut with 8.0 in of travel
Center Suspension	Prog. Rate, fully ind. A-arm, 5.3 in / 13.3 cm of travel
Rear Suspension	Swing arm dual shock, 6.25 in. / 15.9 cm of travel

Dimensions	
Turning Radius	186in / 472cm
Wheelbase	90in / 229cm
Front / Rear Brakes	Foot-activated 4-wheel hydraulic disc, stainless steel lines
Parking Brake	Foot-activated dedicated mechanical disc
Dry Weight	1410 lbs / 641 kg
Length/Width/Height	120x60x75 in. / 305x152.4x190.5 cm
Ground Clearance	7.2 in. / 18 cm

Load Capacity	
Box Dimensions	54x42.5x11.5 in / 143x108x31.5 cm
Box Volume	15 cubic feet
Box Capacity	1250 lb. / 567 kg
Hitch Towing Capacity	1750 lbs / 794 kg
Vehicle Payload Capacity	1750 lb. / 794 kg

Electrical	
DC Outlet	Dash Receptacle
Brake Light / Taillight	Standard/Standard
Headlight	2-Dual beam (hi / lo) - 35w quartz - halogen

Instrumentation	
	Multi-function Speedometer: Fuel, Speed, Hour meter, Odo, trip, Illuminated parking brake indicator, AWD engagement indicator, EFI diagnostic codes, gear selection, clock

Color Options	
Colors	Green
